FM, AM and TV Certification of Site Availability

In Docket 84-750 released on May 6, 1985, all Commercial FM, AM and TV applicants were required to certify that they have reasonable assurance of site availability and submit information concerning the person contacted in order to obtain this reasonable assurance. The attached form has been approved for such purpose and should be submitted with Form 301 whenever a new facility or change in location for an existing station is proposed.

Future versions of Form 301 will include this change, but until such time as the form is revised, the attached must be used to provide this information. (Further copies of "Certification of Site Availability" are available in the Field Offices and also in FCC, 1919 M Street, N.W., Washington, D. C. 20554, Room B-10.)
